PREFATORY MEMORANDUM.

With Government Circular No. 1470, dated 3rd June 1856, all the Magistrates were furnished with copies of a printed Memorandum on Municipal Conservancy in the districts of the Bombay Presidency, Sind, and Sattara, with appendices,—Appendix C. being a statement showing the towns and villages into which Act XXVI. of 1850 had been introduced up to the 31st December 1855, and purporting to afford various information respecting those places, the requisite entries under numerous heads of the statement being, however, left blank for want of data on the records of Government.

2. In calling the attention of the Magistrates to these deficiencies, they were requested to submit, as soon as possible after the 1st of January 1857, a statement, in the form of Appendix C., including all the towns and villages within their Collectorates into which, at that date, Act XXVI. of 1850 should have been introduced, and affording, with respect to all such places, complete information under the several heads of the statement.

3. Of the Magistrates to whom the Government Circular No. 1740, dated 3rd June 1856, was addressed, some did not respond to it, and others furnished, at various dates and at long intervals, returns which, as they but imperfectly fulfilled the conditions prescribed, Government were precluded from using for the purpose intended, viz., to prepare an amended, and, if possible, a complete statement.

4. It was resolved, therefore, by Government Resolution dated 8th December 1858, that the Magistrates should again be called upon to submit a revised statement brought up to the 1st January 1859, which should include in it all the towns and villages into which at that date Act XXVI. of 1850 might have been introduced, and the necessary instructions were issued to all Magistrates in Circular No. 3143, dated 23rd December 1858.

5. The Magistrates (with the exception of those of Belgaum and Sattara) have submitted the statements called for. The information contained in these returns is now embodied in the annexed statement.

H. YOUNG,
Chief Secretary to Government.

The amount shown under Column 27 as cost on account of Karkoons, &c., exceeds, by one Rupee, that exhibited in the last year's statement. House-tax or occupancy-tax, town duties, tax or stamp duty on import and export of cloth (the same article not being liable to both), tax on snuff mills.	..	.....	..	..	..	..	..	..	..	..	..	..	..	In giving effect to the scheme of taxation in force in the town of Sattara, the local authorities considered it advisable, in the year 1853-54, with the view to conciliate influential persons, to exempt from taxation certain classes, as the great Jagheerdars, Inamdars, Hereditary Officers, various traders, &c., who had enjoyed exemption from taxation when the taxes were levied on account of the State, and who were unwilling to relinquish cherished privileges. In a Resolution which was communicated to the Magistrate of Sattara on the 7th March 1855, Government wholly disapproved of these exemptions. It was also intimated that the "great Jagheerdars" were considered "to be disgraced, and in an unworthy position," so long as they strove "to evade contributing to the fund instituted for their use in common with all other inhabitants or sojourners in Sattara," and that the "great Jagheerdars" should feel ashamed to see a fund instituted for the common weal supported by taxes paid solely by far poorer and less privileged individuals. Since the date of this Resolution, Government have received no information as to whether the exemptions alluded to are still permitted.
